Inauguration of LED Screen at Hyderabad Race Club

Hyderabad Race Club has created history by installing a Giant LED Screen admeasuring 45x7.65 Meters, which is first and largest LED screen in India for any sporting facilities and created a historical landmark in India.

HRC takes pride in being the first Horse Racing Authority in India to install such a massive LED screen for viewing of horse races, totalizator dividends, results and book odds for the benefit of its horse racing patrons.

The Board of Directors / Stewards were far sighted enough to a thought that this was a necessity for the horse racing sport today and keeping up with the latest entertainment technology.

The giant LED Screen is being by Col. S B Nair, Chairman Sub-Committee IT who has been instrumental in getting project implemented with full support of the Chairperson and the Board of Directors/Stewards.
